EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gautam Prakash, Ph.D. on 11/17/2005.

The application has been amended as follows:

In claim 7, line 3, after "amount", add:

wherein the active ingredients in said fat catabolizing amount consists essentially of hydroxycitric acid and garcinol

Cancel claims 8, 14, 18, 29, 30, 32, 35, 39, and 40.

The following is an examiner's statement of reasons for allowance: The closest prior art is that of JP-10-265397 which includes a mulberry extract as a bioactive in addition to that of a Garcinia extract. The instant claims limit the extract to two

components of the Garcinia plant; hydroxycitric acid and garcinol. The prior art neither teaches, nor fairly suggests the instant formulation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Carlos A. Azpuru whose telephone number is (571) 272-0588. The examiner can normally be reached on Tu-Fri, 6:30 am - 5:00 pm.
